Pratham Madhukar Mhavale

Mumbai, Maharashtra | prathammhavale38@gmail.com | Linkedin | Github

Profile Summary

Enthusiastic and detail-oriented front-end developer with expertise in ReactJS, JavaScript, Tailwind CSS, HTML, CSS, and responsive web design. Adept at transforming UI/UX designs into fully functional, user-friendly, and visually appealing web applications that enhance user experience. A fast learner and collaborative team player, I am passionate about web development and committed to staying updated with the latest technologies. I focus on delivering impactful and innovative digital solutions that align with user needs and business goals.

Skills

- HTML5, CSS3, JavaScript, React.js, Tailwind CSS
- Figma , Webflow
- Node.js, SQL, MongoDB, Postman
- Git, GitHub

Projects

- **RecipeBook**: A responsive recipe app built with React, Vite, and Tailwind CSS. Features a collection of pre-built recipes, allowing users to create, delete, and save their own recipes. Includes search functionality and theme customization for a personalized experience. The app offers a clean, simple UI to enhance user experience and usability.
- **Task-Management**: A simple and efficient task management app built with React, JavaScript, and Tailwind CSS. Users can add, delete, and search for tasks, with clean animations enhancing the overall user experience.
- **Portfolio Website**: A dynamic portfolio website built with ReactJS, Vite, and Tailwind CSS, showcasing my skills, projects, and background. Features a fully responsive design, a clean, modern aesthetic, smooth animations, and React Router for seamless navigation.
- **WeatherApp**: A fully responsive weather app built with ReactJS, Vite, and Tailwind CSS. Allows users to search for their city and view real-time data, including temperature, wind speed, latitude, longitude, and more. Features a clean, minimalistic design with a simple white theme, fetching data via an API.

Certifications

JavaScript (Basic) – HackerRank | Postman API Fundamentals – Postman

Responsive Web Design – freeCodeCamp | JavaScript and Data Structures – freeCodeCamp

Frontend Development Libraries – freeCodeCamp | Software Testing - NPTEL

Webflow 101 - Webflow University | Webflow Layout Level 1 - Webflow University

Education

Bachelor of Science (B.Sc) in Computer Science

CGPA: 8.44/10

SIES College of Arts, Science & Commerce

Coursework: Web Development, Internet Security (INS), Database Management Systems (DBMS), Ethical Hacking, Game Programming, Software Testing, Data Structures and Algorithms (DSA), Internet of Things (IoT)

Hobbies

In my free time, I enjoy drawing, sketching, and graphic design, blending creativity with technology. These hobbies enhance my ability to create visually appealing and user-friendly digital solutions, focusing on functionality and aesthetics. My creative pursuits inspire my passion for web development and drive my approach to delivering exceptional user experiences.
