Profile Summary

I am a Computer Science graduate skilled in front-end development, working with technologies like React, JavaScript, and Tailwind CSS. An aspiring UI/UX designer, proficient in Figma , I am a creative and fast learner, always eager to collaborate and grow. Passionate about building responsive, user-centric web applications with high coding standards, I strive to deliver innovative designs that align with user needs and business goals. In my free time, I enjoy drawing and graphic design, which keeps my creativity flowing.

Skills

- HTML5, CSS3, JavaScript, React.js,
- Tailwind CSS
- Figma , Webflow

- Node.js, SQL, MongoDB,
- Postman API Tool
- Linux , Git, GitHub

Projects

- **Recipe App – https://recipecardpage.vercel.app/**
A responsive recipe app with a collection of pre-built recipes, allowing users to create, delete, and save their own recipes. Includes search functionality and theme customization.
Tech: React, Vite, Tailwind CSS

- **Task Management App - https://task-manager-assignment-lyart.vercel.app/**
A simple and efficient task management app where users can add, delete, and search for tasks, with smooth animations enhancing the experience.
Tech: React, JavaScript, Tailwind CSS

- **Portfolio Website - https://prathammhavale.vercel.app/**
A dynamic portfolio website showcasing my skills, projects, and background with a fully responsive design, smooth animations, and React Router for seamless navigation.
Tech: React, Vite, Tailwind CSS

- **Weather App - https://weather-app-phi-six-88.vercel.app/**
A fully responsive weather app that fetches real-time data, including temperature, wind speed, latitude, and longitude, via an API. Features a minimalistic white theme.
Tech: React, Vite, Tailwind CSS

Certifications

JavaScript – HackerRank | SQL – HackerRank | Postman API Fundamentals – Postman
Responsive Web Design – freeCodeCamp | JavaScript and Data Structures – freeCodeCamp
Frontend Development Libraries – freeCodeCamp | Software Testing - NPTEL
Webflow 101 - Webflow University | Webflow Layout Level 1 - Webflow University

Education

Bachelor of Science (B.Sc) in Computer Science
CGPA: 8.44/10
SIES College of Arts, Science & Commerce

Coursework: Web Development, Internet Security (INS), Database Management Systems (DBMS), Ethical Hacking, Game Programming, Software Testing, Data Structures and Algorithms (DSA), Internet of Things (IoT)

Hobbies

In my free time . I enjoy sketching and make graphic design , blending creativity with technology ..
